

DENON DHT-C210

Dolby Atmos 2.1 sound bar with Bluetooth and integrated down-firing subwoofers

Full-range Dolby Atmos sound bar with built-in subwoofers and crystal-clear dialogue to create a powerful home theater surround sound experience.

HIGHLIGHTS

YOUR BENEFITS

3D audio with Dolby Atmos

Dolby Atmos delivers spectacular, immersive 3D audio for the perfect cinema experience. Enjoy enhanced bass, crystal-clear dialogue, and enveloping sound.

Full-range audio

With two built-in down-firing subwoofers, dual mid-range drivers and tweeters, you enjoy an amazing movie and TV show audio experience when you upgrade to Denon premium-quality sound.

Wireless music streaming

Easily stream your favorite music directly from your smart device to your sound bar via Bluetooth.

4K HDMI with Audio Return Channel

Send the audio from the streaming apps built into your smart TV to the sound bar with 4K UHD HDMI (1 in/1 out with eARC) via the included HDMI cable.

Denon Dialog Enhancer

Denon Dialog Enhancer improves dialogue clarity with three different modes—ideal for movies and TV shows. Turn up the dialogue without having to adjust the overall volume.

Low-profile design and wall mountable

At 2" (60mm) tall, the Denon DHT-C210 can be placed in front of your TV without blocking its bottom edge or can be easily mounted.

Sound modes for any occasion

With four different sound modes—Movie, Night, Music, and Pure—you can choose the perfect mode for any occasion.

Pure mode

Pair your smartphone or tablet with the DHT-C210 to easily stream music via Bluetooth.

Bluetooth compatibility

Eliminates surround processing by removing any adjusted audio characteristics for sound in its purest state.

Over 110 years of audio innovation

Founded in 1910, Denon enables the moments that matter through the relentless pursuit of quality, innovation, and audio performance. We innovate for a better experience.

Dolby Atmos

Enjoy immersive 3D sound for the perfect cinematic experience. Feel every dimension in Dolby Atmos.

Dolby Vision

Dolby Vision is a stunning HDR imaging technology that brings extraordinary color, contrast, and brightness to the screen. See what you've been missing.

Bluetooth Streaming

Connect and play music directly from your smartphone, tablet, or other compatible device.

4K

Cinematic TV with nuanced contrast, detailed imaging, brilliant colors, and depth. Supports 4K TVs for video as detailed as its sounds.

eARC

HDMI input and output features Enhanced Audio Return Channel (eARC) to receive the highest quality audio from a single cable connection between the soundbar and your TV.

Denon Dialog Enhancer

Choose from three distinct levels of enhancement to reproduce clear, crisp dialogue and never miss a word of your favorite movie or TV show.

Pure audio mode

Eliminates surround processing by removing any adjusted audio characteristics for sound in its purest state.

110+ years of firsts in audio technology

Founded in 1910, Denon has a deep heritage of "firsts" in audio technology—from Japan's first audio electronics manufacturer to producing the world's first commercial CDs. This focused investment in audio R&D ensures you get the latest technology and highest quality with every listening experience.
